WA	12/31/66	15	FULL	MILL AMENDMENT 2/19/82

¹ "Full" means the agreement initially covered source and special nuclear materials, byproduct material including mill tailings, low-level radioactive waste disposal and sealed source and device evaluations. After October 8, 1981, an agreement must specifically include mill tailings authority for it to be covered by the agreement.

² Covers byproduct material (11e.(1)), source material, special nuclear material and sealed source and device evaluations. Does not cover mill tailings or low-level waste disposal.

³ Does not cover mill tailings.

⁴ Covers byproduct material (11e.(1)), source material limited to shielding, special nuclear material, and low-level waste disposal. Does not cover sealed source and device evaluations or mill tailings.
